

Propositions 2, 4, On State Ballot Are Reviewed

(EDITOR'S NOTE: This is the first of eight articles explaining propositions which will appear on the Nov. 4 state election ballot. Today's article discusses measures amending aid to the aged and blind.)

Probably the most important and controversial of the 23 propositions appearing on the Nov. 4 state election ballot is the one amending the old age pension law.

Proposition II once again places before California voters the question whether or not to end county administration of the old age security program and place it under full control of the state.

Once again the proposal is sponsored by George McLain, chairman of the California Institute of Social Welfare. McLain supported a similar proposition passed in 1948 but repealed by voters a year later.

Besides placing the old age security program under direct state administration, the proposal would end responsibility of relatives to contribute to the support of those applying for or receiving old age payments.

It continues the \$75 monthly payments but adds that the amount will be subject to semi-annual cost-of-living increases or decreases. Fifty cents would be added or subtracted for each point of change in the consumer price index from March 15, 1950. The boosts or decreases, however, would keep monthly payments between a minimum of \$75 and a maximum of \$100.

The measure would also entitle every aged person to necessary medical and hospital care from the county in which he is living. The costs would be chargeable to the county in which he has one year's residence.

In addition, funeral expenses not exceeding \$150 would be provided to recipients where such expenses are not paid for by insurance or by the estate of the deceased.

Another important provision of Proposition II is that the law could be amended by the Legislature only as the proposition itself provides. For example, the Legislature could not reduce benefits. Nor could it reinstate "relatives' responsibility".

Supporters of the measure argue "big lobby groups" have stopped them from getting the Legislature to return the benefits voted for persons 65 years or older in 1948. The benefits were repealed in 1949.

They say the Governor's statewide conference on problems of the aged later went on record for the "main provisions" of the old age assistance proposition.

Old age, proponents add, is a statewide problem, not a local one. And, if administration is returned to the state, the aged can be treated alike in every county, while duplication of 58 county welfare administrations will be eliminated.

They assert state administration under the Governor will save county taxpayers 22 million dollars a year.

Those against Proposition II declare this newest pension plan is "far more dangerous" than the one McLain "put over on the people of California in 1948."

They say it will increase state costs for aid to persons 65 and over by more than \$103,000,000, and that California already pays more to the aged than New York, Pennsylvania and Illinois combined.

Attacking the proposal as an "unsound scheme", opponents assert local administration, close to the people, is better and costs less than state administration.

"Most normal American children consider it an honor to assist their aging parents", they say. "The McLain scheme removes the duty of financially able children toward their parents and foists it on the state."

The present law requires adult sons and unmarried daughters, in a position to do so, to help support an aged parent.

Opponents also declare the measure would load an unfair burden on the taxpayer by attracting the aged from other states to California. California's generosity, they explain, has brought here many elderly people in search of pensions.

Proposition 4 forbids persons who administer aid to needy blind persons from dictating how any recipient shall spend aid granted to him.

It also declares that all money paid to the blind person shall be intended to help him meet his individual needs and is not for the benefit of any other person, be it husband or wife.

Those who argue in favor of Proposition 4 say the present law does "a great injustice" to the aged blind in many cases. An aged blind couple now, for example, cannot keep state blind aid payments

PRESS TO AWARD CASH PRIZES IN WEEKLY FOOTBALL CONTEST

Here's good news for you local football fans. The Campbell Press, starting with next week's issue, Sept. 18, will hold a weekly football contest and will award a total of \$33 in prize money to the person who picks the most winners in weekly collegiate football games.

The football contest is open to everyone excepting employees of the Campbell Press and their families.

Contestants are required to obtain an entry blank from one or more of the firms advertising on the football page. Each entry must be made on an official blank. There is no charge for the blanks and no purchases need be made to obtain one.

Merely visit one or more of these firms and ask for a Campbell Press football contest blank. The limit on the number of entries which may be made by any one contestant is six.

All entries must be received at the Campbell Press before 1 p.m. Friday of the week the games are to be played. (Bring or mail all entries to the Campbell Press office. We do not pick up entries at the various stores.)

In case of ties, neatness of the entry will decide the winner. The decision of the judges will be final. Instructions in filling out entry blanks, printed on the blanks, are to be followed closely to avoid disqualification.

Neatness of the entry blank will be a consideration in awarding prizes.

Names of the prize winners will be announced in the news columns of the Campbell Press each week. Remember, scores do not have to be listed. Simply list who you think will win. If you think the games will end in a tie, write tie. Complete information will be contained in next week's edition. Baptist Church To Start Building Next Sunday

Ground-breaking ceremonies for a new \$20,000 church auditorium will be held this coming Sunday afternoon, Sept. 14, at 3 p.m. at the Campbell Baptist Church, 115 Sunnyside avenue, as announced by the pastor, Lyle E. Cushman.

A recent growth in membership has necessitated the enlargement program. The auditorium will seat approximately 200 people and will be built on the present church site.

A large part of the work will be done by voluntary laborers. Finances will be provided on a faith basis, the pastor said.

Public is invited to the ground-breaking service.

CITY ASKED TO JOIN COUNTY MOSQUITO ABATEMENT DISTRICT

The whole of Santa Clara County will be made a mosquito abatement district if the County Board of Supervisors approves a request by Dr. W. Elwyn Turner, county health officer, to be submitted Monday night.

Campbell, as a newly incorporated city, will be asked to join the district, which includes all of Santa Clara County except the Matadero district, comprising Palo Alto and vicinity and including the Mountain View area, which already has a mosquito abatement district.

Cause of the detailed study and plans for the district is the outbreak of encephalitis — sleeping sickness — which has struck in Santa Clara Valley, Los Gatos and Campbell after first being reported in the southern and central valleys.

Today is the last day to register for the November 4 election.

SAFETY GUARD FOR CUHS STILL IN QUESTION

Although Cypress School of Campbell Union School District will have a highway crossing guard for the safety of school children at Cypress avenue and Stevens Creek road, question of a guard at Campbell avenue and Winchester avenue for Campbell High School children is still in doubt.

William C. Henley, superintendent of Campbell High School District, appeared at City Council meeting Monday night to ask if the city of Campbell would post a guard. When told by Mayor Richard W. Morton that the city, although desirous of establishing a guard at that location, had no money, Henley agreed to join City Attorney Joseph A. Bonacina in a conference with county executive to state his request.

County funds, unavailable now that Campbell is a city, had paid for the service in the past, Henley pointed out.

DRUM AND BUGLE CORPS TO PARADE

Allen M. Keller, 305 E. McGlincey lane, manager for the Red Devils Drum and Bugle Corps from Post 0, 89 of the San Jose American Legion, has announced corps' acceptance of an invitation to participate in the seventh annual "Parade of Lights" in downtown Berkeley, Friday night, Sept. 19.

The festival, sponsored by the Berkeley Junior Chamber of Commerce, signals the opening of the intercollegiate football season.

Hading the parade will be nine queens representing universities throughout the country.

They will compete for the title of "Miss Football of 1952" at the festival.

Moreland School To Open Sept. 22

Moreland School will be open on Sept. 22 for the Fall term, according to the principal, Mrs. Gusie Baker.

Double sessions will be held in grades one, two and three because El Quito Park School is not scheduled for completion until Oct. 15, Mrs. Baker said.

The cafeteria will open on Sept. 22 also. Charge to the children will be 25 cents a day. This is an increase of 5 cents a meal over the amount charged last year.

Increase is due to state reduction of funds for school lunch program, she said.

Returns From European Trip

Mrs. Esther Short, Alice way, returned last week from a vacation trip to Europe. Most of her time was spent in the Scandinavian countries.

In a letter to one of her Campbell friends she said, "After seeing European countries and talking with their people, I am more than ever convinced that this is our world; that it is not divided into nations."

"I am reminded," she continues, "of the hymn, the first stanza, 'This is My Father's World.'"

EDWARD TABLAK REPLACES REESE AS COMMUNITY FUND CHAIRMAN; ASKS COOPERATION IN AREA DRIVE

Dr. Robert M. Wade, president of Campbell Area Community Service Board, has announced the appointment of Edward F. Tablak as general chairman of the Community Service Fund Drive, replacing Forrest Reese, who, due to illness, asked to be relieved of the chairmanship.

Tablak, a well-known insurance executive, has long been active in civic affairs. A graduate of the University of Pittsburgh, Pa., he brings to the Service Board both ability and experience. He is YMCA chairman for Campbell area, active committee member of Troup 30 Boy Scouts, member of the board of directors of Family Service Association of Santa Clara County, member of Kiwanis International, and 1951 captain of the San Tomas area in the Campbell area Community Service Fund Drive.

Tablak and his wife, June, moved to Campbell six years ago from Pittsburgh, Pa., and reside at 661 Lucot Way with their four children.

"The Campbell Area Service Fund campaign to raise \$18,500 for support of the nine agencies serving resident families and youth groups in 1953 will open on schedule," Tablak announced after his appointment. "Detailed plans are complete, and the wholehearted response of citizens called upon to help is gratifying."

Though workers still are needed in some areas, Tablak expressed confidence in the residents to cooperate when the area captains call upon them for aid.

Tablak stated that it is a matter of utmost importance that people understand that only by subscribing to the Campbell area fund can residents and their families benefit from their gift. Money donated to other communities does not support Campbell area agencies. Cambrian Park, Quito Park and the Workman Tract are all in the Campbell Service Fund area, even though post office addresses are not Campbell. Children of all families living in these tracts attend schools in which youth and health programs are maintained by service groups financed by this fund. If residents of these areas give their support to other communities, their own children as well as others will suffer a depleted youth

LOCAL SLEEPING SICKNESS VICTIM NOW HOME, COMPLETELY RECOVERED

Campbell's first case of sleeping sickness—virus encephalitis—struck the 4½-month-old son of Mr. and Mrs. Edmund Blackmun, Rt. No. 2, Box 460 Harriet avenue, Aug. 25th.

After six days at O'Connor Hospital, Kerry was brought home Saturday, completely recovered from the disease which has struck in Campbell.

Last week, 29 month-old son of Mr. and Mrs. Fred Boitano Los Gatos, was released from Santa Clara County hospital after suffering an attack of the mosquito borne-infection.

Kerry's parents Mr. and Mrs. Edmund Blackmun called Dr. Alvin Williams, a pediatrician from San Jose, when the child ran a persistent fever of 104.5. He was removed to O'Connor Hospital where Dr. Williams' clinically diagnosed the sickness as encephalitis.

Dr. W. Elywn Turner, county health officer, said that preventative measures have been taken in this area to halt the spread of the disease.

Dr. Turner said the mosquito, culex tarsalis, which carries the disease although present in this county does not transmit from human to human or from horse to human.

The mosquito does transmit from wild or tame fowl to humans, he said. Maximum range of the carrier is approximately 20 miles depending on weather conditions he said.

Dr. Turner said Breeding places of 14 varieties of mosquitoes have been found in Campbell.

While cases earlier in the season were reported predominately from the southern valley, recent cases are being reported from the central and northern valleys, the health department said. Western equine virus is respon-

WHY? Because there are nearly two thousand of our children attending schools adjacent to Los Gatos Creek and if that LEXINGTON DAM ever breaks, and it could happen, because it is being built on two earthquake faults and is only half a mile from the San Andreas fault, which did all the destruction in San Francisco in 1906, it would mean a tremendous loss of life as well as property to all of us who live between Los Gatos, Campbell and San Jose.

When the St. Francis Dam broke in Southern California, there were 488 known dead and hundreds of others buried under the silt and that water had to travel 17 miles BEFORE IT HIT THE FIRST SMALL TOWN! LEXINGTON DAM WATER ONLY HAS TO GO ONE MILE TO HIT LOS GATOS; FIVE MILES TO HIT CAMPBELL AND 10 MILES TO HIT SAN JOSE. ONE STATE OFFICIAL SAID THAT IF THE DAM EVER BROKE IT WOULD WASH OUT LOS GATOS, CAMPBELL AND PART OF SAN JOSE IN LESS THAN HALF AN HOUR!

100 YEARS EXPERIENCE

working for a better California

1852—P. G. and E. began as the tiny San Francisco Gas Company

1952—P. G. and E. is nation's most extensive gas-electric system

On August 31, 1852, P. G. and E. was born as the San Francisco Gas Company... and soon brought the first gas lights to the West.

The pleasantest memories of our first century are those of helping Californians live better year after year. In homes, in factories and on farms, new and increased

uses for low-cost gas and electricity have helped people live more comfortably, produce more efficiently.

During the years to come, too, you can count on P. G. and E. services doing even more of your work... and bringing you even more comforts and conveniences at bargain rates.

STATUS OF CAMPBELL'S STATE FUNDS TO BE DETERMINED IN CONFERENCE WITH STATE OFFICIALS AT CAPITAL

Campbell Mayor Richard W. Morton and City Attorney Joseph A. Bonacina at council meeting Monday night were delegated by the council to confer with legislative representatives in Sacramento as to the status of Campbell in relation to state funds allocated last April.

State Assembly bills 40-41, introduced by Charles Gubser March 25, allocated \$9,600 under the Plans and Sites Act and \$59,400 in emergency funds under Post War Unemployment and Construction Fund. These funds were allocated to cities incorporated on or after September 22, 1951, and before the effective date of the acts (90 days later).

Money was to be allocated on basis of cities' population compared to total population of all cities in the state.

At the time the bills were introduced, Campbell was the only city, newly incorporated, complying with the provisions of the act, and it was understood by city officials that funds mentioned were for the exclusive use of the city of Campbell.

Recent legislation, Bonacina pointed out at Monday's meeting, allocating \$142,000 to recently incorporated city of Fontana and \$72,000 to Carlsbad on a matching basis, appear to affect the amount Campbell officials understood to be originally allocated to

the city of Campbell.

Bonacina suggested and it was quickly agreed upon by members of the council that a meeting be arranged with legislative officials at Sacramento to determine the meaning of the legislation in an effort to safeguard the funds Campbell officials understood were intended for the city of Campbell.

HOLDS FIRST FALL MEETING

A report was read concerning the recent rummage sale sponsored by the Auxiliary.

Regular business activities were discussed.

\$150 IN FINES IMPOSED AT JUSTICE COURT

Fines amounting to \$150 for traffic violations and a disturbance of the peace charge were imposed by Judge Paul W. Crawford at Campbell Justice Court last Thursday.

Boyd Trexel and Carl Kirby, 63 Dillon avenue, were fined \$25 for disturbing the peace.

Dan Yutze, 62 Fairview, Los Gatos, was fined \$100 with a 10-day suspended sentence for reckless driving and speeding.

Yutze agreed to pay \$20 a week on his \$55 reckless driving and \$45 speeding fines.

Rusino Lara, 334 W. Lattimore avenue, recently returned from Army service in Korea, was fined \$25 for hit-and-run driving.

Lara reportedly struck a parked car on Third street and Lattimore.

Propositions 2, 4

(Continued from Page 1) for persons 65 and older if they already draw county aid. The new measure would permit a blind wife to keep her \$45-a-month county aid should her 65-year-old husband draw state blind aid payment of \$85 a month.

Furthermore, say proponents, practically all persons who are able to see have had their salaries and wages increased. The blind person's pension has not increased.

Those against Proposition 4 point out that California's aid payments—whether to the aged, blind, or needy children—are based on "need." If the individual has an income that will meet part of his needs, aid is reduced.

Opponents warn this is only a "foot-in-the-door" proposition that puts public aid on the basis of "how much can I get" instead of "how much do I need."

If the amendment is passed for the blind in this election, opponents continue, attempts would soon be made to extend the same benefits to the aged. They say this is the heart of the problem because, whereas there are only 11,500 blind aid recipients in California, there are some 273,000 old age recipients.

(The next article will discuss propositions to (1) increase state aid to public schools and (2) to liberalize property tax exemptions for non-profit colleges.)

Service Fund campaign headquarters is established at 238 E. Campbell avenue. Mrs. Gertrude Jones, secretary of Campbell area Service Board, is organizing the office, assisted by Mrs. Robert Wade, wife of Board President Dr. Robert M. Wade. Mrs. Jones says that telephones will be installed this week, and that the office will be ready to function efficiently by "kick-off" time. Work on display publicity is moving rapidly ahead under the expert direction of Jerry Erickson.

To facilitate the early start of the fund drive in the Campbell business area, Forrest Reese is taking charge of soliciting business and professional establishments. "It is recognized," he said, "that the success of the fund drive depends in a measurable degree upon the subscriptions from the business and professional people." Reese, an experienced campaigner, expressed confidence that he would receive hearty cooperation from his colleagues.

In supporting the Campbell area Community Service Fund, it was pointed out that residents are receiving the full value of their dollars; no money is spent for administration. All subscriptions are turned over to service groups benefiting families in the area. Don't shortchange yourself — "Give Where You Live!"
